

# Alessandro Lehmann

✉ [alehmannbis@gmail.com](mailto:alehmannbis@gmail.com)

---

## Employment

2025– **FWO postdoctoral fellow**, University of Antwerp.

---

## Education

2021–2025 **PhD student in mathematics**, University of Antwerp and SISSA.

○ **Supervisor:** Wendy Lowen **Cosupervisor:** Nicolò Sibilla

**Thesis:** “*The curvature problem and deformations of triangulated categories*”.

2019–2021 **Master’s degree in Mathematics**, *magna cum laude*, Università La Sapienza, Rome, Italy.

○ **Thesis:** “*Enhancements of triangulated categories*”.

Supervisor: **Prof. Marco Manetti**

2016–2019 **Bachelor’s degree in Mathematics**, *magna cum laude*, Università La Sapienza, Rome, Italy.

---

## Publications and preprints

- A. Lehmann. *Hochschild cohomology parametrizes curved Morita deformations*. Proc. Am. Math. Soc. 153, No. 6, 2341-2351 (2025)
- A. Lehmann. Filtered derived categories of curved deformations. In: Hochschild (Co)Homology and Applications, Oberwolfach Report. DOI:10.14760/OWR-2024-20
- A. Lehmann, N. Sibilla. *An Orlov theorem for matrix factorizations with multiple factors*. 2026. arXiv:2605.01641. Preprint.
- A. Lehmann, W. Lowen. *Filtered derived categories of curved deformations*. 2024. arXiv:2402.08660. Preprint.
- A. Lehmann, W. Lowen. *Hochschild cohomology and extensions of triangulated categories*. 2025. arXiv:2503.13700. Preprint.

---

## Teaching Experience

- TA for the course *Calcolo I* (Calculus I), AY 2020/2021, Sapienza University.
- TA for the course *Algebraic Topology*, AY 2022/2023, University of Antwerp.
- TA for the course *Hilbert spaces and Fourier series*, AY 2023/2024, University of Antwerp.
- TA for the course *Algebraic Topology*, AY 2024/2025, University of Antwerp.
- TA for the course *Algebraic Topology*, AY 2025/2026, University of Antwerp.

---

## Invited conference talks

- *Hochschild cohomology and deformations of higher categories* Multiple perspectives on Hochschild cohomology, University of Padua, 29 May 2026
- *Deformations of triangulated categories and the curvature problem*. Geometry, higher structures, and physics, ICMS, Bayes Centre, Edinburgh, 8 December 2025 (talk joint with Wendy Lowen)
- *Filtered derived categories of curved deformations*. Triangulated categories in algebra and geometry, Charles University and Czech Academy of Sciences, Prague, 15 April 2024
- *Curved deformations of differential graded algebras*. School on Deformation Theory IV, Sapienza University, Rome, 16 September 2024
- *Filtered derived categories of curved deformations*. Hochschild (Co)Homology and Applications, Math. Forschungsinstitut Oberwolfach, 15 April 2024

## Scholarships and achievements

**Honors' Program**, *Sapienza University*, Only 4 grades out of 30 less than 30/30 cum laude, all grades above 29/30.

**Tax exemption**, During my whole Bachelor's and Master's degrees I was exempt from paying tuition due to academic performance.

**FWO Long stay grant**, Fully funded two months research stay in Trieste, Italy.

**FWO Junior postdoctoral fellowship**, Three years fellowship awarded by the Flemish Research Council. Title of the research project: *Categorical deformations of Triangulated Categories*.

**FWO Workshop grant**, Funding to attend a conference in Kyoto, Japan.

## Languages

- **Italian:** Native
- **English:** Fluent
- **Spanish:** Basic
- **Dutch:** Basic
